4th Sunday of Lent 2020 Children's Moment

Items Needed: Blindfolds or Eyes Closed and an open space where one can't trip or stumble.

Would you like to play a game with me?

This is a game in which you need to be blindfolded, or you close your eyes.

Can you see me?

If you can't see me, I want you to stay where you are until I tell you to move, okay?

Go to the farthest place in the room and say:

Now I want you to follow the sound of my voice, and try to reach me.

Keep talking, or you might sing a song, while the children try to find you following your voice.

Great! You found me, and you didn't have to see where you were going to reach me. That's wonderful!

A lot of people in our world cannot see or walk, or they may be unable to do other things the way you do them. But God loves them as much as God loves you. And with the care, love and support of other people, they are able to do things as well as any of us.

You don't have to see or walk anywhere to know that God is always with you.

Let's pray:

Have the children repeat after you.

Dear God, whatever we do, wherever we are, always be near. Amen.
